

Dear Ron's Stupid Cancer Fund,

I want to thank you for allowing our family to experience so much joy during Greyson's wish to swim with dolphins in Hawaii.

Our family was able to reconnect and enjoy quality time together while watching Greyson enjoy just being a kid again. The wish was a much needed respite from the doctor's appointments and hospital stays that usually fell our schedule. Thank you for your support of Make-A-Wish Colorado. Your gifts have a huge impact on wish kids and their families.

Gratefully

Jon Saunders-Wren De
